DETAILED ACTION

Response to Arguments

Applicant's arguments, see pages 11-20 of the appeal brief, filed 10/18/2010, with respect to the rejection of claims 21-24, 29, 30, 39-41 and 45-47 have been fully considered and are persuasive. The rejection of claims 21-24, 29, 30, 39-41 and 45-47 has been withdrawn.

Allowable Subject Matter

Claims 21-25, 29, 30, 39-41 and 43-47 are allowable. Examiner notes here that dependent claims 25, 43 and 44, which were previously withdrawn from consideration as being drawn to a non-elected species, are hereby rejoined because they depend from and otherwise require all of the limitations of allowable independent claims 21, 29 and 41.

The following is an examiner's statement of reasons for allowance: The prior art does not disclose or suggest a medical balloon that, in the contracted (deflated) condition, a plurality of structures having a base and oppositely extending wings are formed where the wings of one structure are in an overlapping relationship with the wings of an adjacent structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Oath/Declaration

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02. The oath or declaration is defective because:

It does not state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be "***material to patentability***" as defined in 37 CFR 1.56."

INCORRECT STATEMENT: "I acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations Section 1.56"

CORRECT STATEMENT should read "I acknowledge the duty to disclose information which is **material to patentability** of this application in accordance with Title 37, Code of Federal Regulations Section 1.56."

Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth in this communication. The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.
